EDITOR'S BOTTOMLINE

LESSONS FROM RAMAYANA: ***Sri Ramayana contains all essential concepts, such as the principles of the life of an ascetic or householder, the governance of a State and morality. Trichy Sri Kalyanaraman said in a discourse that only when it is beneficial or yielding good to them will others lend their ears to what we say. A person cannot thrust his views or compel others and if he persists, he will end up in failure and incur their wrath and displeasure.***

Before making any vital decision, a person should consult the people concerned and elicit their views. King Dasaratha did not consult his wives before making the important decision regarding Sri Rama's incarnation.

Patience is one of the essential qualities a man should possess. Had Dasaratha waited till the arrival of Bharatha (who had been at his maternal grandfather's house), things would have been different and Bharatha would not have allowed his mother to prevail over her husband. Manthara, a cunning hunchback devil with a brain full of evil ideas, spoiled Kaikeyi and changed her mind about asking for the two boons promised by Dasaratha earlier. Poet Kambar says serpent-like Kaikeyi emitted poisonous demands and the elephant-like King Dasaratha fell down and swooned.

A person who dives deep into the sea searching for pearls will only aim for the same and not care about other filthy items. Similarly, people should listen only to saner advice and ignore all other unwanted matters.—*In The Hindu*

New 'grumpy' fish species discovered

New York: A new type of fish described as "grumpy" by scientists has been found in the Arabian Red Sea.

The species - scientifically named sueviota aethon - has been dubbed the grumpy dwarfgoby by researchers who found the fish among coral reefs in the sea, living in small holes and crevices.

Researchers said the name "refers to the fish's apparent grumpy and rather unhappy appearance, primarily due to the extremely upturned mouth position."

The "dwarf" part of its name refers to its size of under 2cm and "goby" to the family of fish it belongs to: gobiidae - which comprises of some 2,000 species of bony fish.

Car's 213-foot bungee jump breaks record

Paris: A professional stunt driver went bungee jumping inside a car and broke a Guinness World Record in Paris.

Nissan France organised the world record attempt in the Paris Business District, located in the Puteaux area and recruited Laurent Lasko, a professional stuntman and race car driver to be in the driver's seat of the Qashqai e-Power.

The car, attached to eight bungee cords, was dropped from a crane at a height of 213 feet and 3 inches, meeting the exact goal set by Guinness World Records to originate the title of the highest car bungee jump. Nisaan Marketing Director Jérôme Biguet said the stunt seemed like a logical next step after various TV commercials featured the Qashqai e-Power engaging in extreme sports like skateboarding and paintball.

Avoid Mysuru-Bengaluru Highway from 1 am to 4 am

Sir,

This refers to the news report ***'12 major crimes on Mysuru-Bengaluru Highway'*** since its opening in March 2023 *(Star of Mysore* dated Sept. 18).

Most robberies and thefts occur between 1 am and 4 am. There are two key reasons why drivers of both four-wheelers and two-wheelers should avoid travelling on highways during these hours. First, vehicular movement is sparse, increasing the risk of being targeted by dacoits.

Secondly, these hours coincide with when most people experience deep sleep, causing drivers to become drowsy and leading to accidents. Therefore, it is advisable for drivers and riders on highways to either reach their destination before 1 am or take rest in a nearby safe place (like a Toll Booth) and resume their journey after 4 am.

An illuminating Dasara invite

Works on installing welcome boards using 4,500 bulbs going on briskly atop Chamundi Hill

Mysuru, Sept. 20 (PM&BS)- Dasara illumination is one of the major tourist attractions when the Cultural Capital Mysuru resembles a fairy tale, transporting the visitors to a different world.

The boards designed as 'Welcome' in English and *Suswagatha* in Kannada, using numerous bulbs, on the road leading to Nandi Statue atop Chamundi Hill, greet the visitors to the festival. It has become an inseparable part of Dasara every year, when a look at the lofty Hill, provides a view of the two welcome boards, that turns on and off alternately.

The works on fixing about 4,500 LED bulbs along with the equal number of holders, are going on at a brisk pace. The bulbs of 9 watt capacity each, emit warm white light and every word forming the design will be installed up to 90 feet in height and 20 feet in width from the ground level. They glow alternately for 10 seconds with five seconds break.

Chamundeshwari Electricity Supply Corporation (CESC) has entrusted the task to Humayun Shariff of Sunrise Electricals, who has bagged the tender.

On Thursday, workers were installing wires and bulbs, with 50 percent of the works already completed. About 50 coils of wire are required, with about 15 days needed to complete the works. The works are expected to be expedited further, with the involvement of more workers from today.

Speaking to *Star of Mysore*, Shariff said that he has been bagging the same contract from CESC for the past 20 years. However, it is from the last four years that LED bulbs are being used. The illumination works began on Sept. 15 with a trial run before CESC officials slated to be held on Oct. 1. The illuminated boards will be functioning till Oct. 21 between 7 pm and 9 pm.

Last-minute works

Mysuru, Sept. 20 (BLU&BS)- Like the good old Kannada saying *Yudda Kaale Shastrabhyasa* (Practicing with weapons at the time of war), the City of Palaces is still getting ready for Dasara festival, with the inauguration of annual fest less than a fortnight away, on Oct. 3.

The works on fixing potholes, repairing the footpaths and filling the gaps on the pavements are taken up at the last-minute, with the authorities planning the works at eleventh hour.

Mysuru Dasara attracts several lakhs of tourists, but the preparatory works are not planned in advance, like other major events in the country like — Maha Kumbha Mela at Prayagraj in Uttar Pradesh, Puri Jagannath Rathotsava in Odisha, Navarathri in West Bengal and Onam in Kerala — when the works are executed three months in advance and completed on time.

In contrast, the works to prepare the city to host Dasara are taken up a fortnight earlier. The works on repairing the footpath slabs around CADA Office on New Sayyaji Rao Road have been taken up only recently, along with laying of concrete surface around the trees in front of Thathaiah Park opposite City Bus Stand.

The dense growth of grass on the steps, on a stretch of *Jumboo Savari* route near Bamboo Bazaar, is also being removed and covered with concrete. The trunks of various trees that were lying on the footpath are also being cleared.

The potholes near Gun House junction, MCC and CADA Office are also being repaired, but with two weeks to go for Dasara to begin, many of the roads still remain to be asphalted. A stretch of road from Zoo to Jayachamaraja Wadiyar Circle (Hardinge Circle) is riddled with potholes, leading to minor accidents. But, such roads are not covered with asphalt for the convenience of the vehicle riders.

Mysuru, Sept. 20 (MK&BS)- Five tableaux have been received for the first ever Miniature Tableau-making competition conducted by Dasara Tableau Sub-Committee. Of the total eight entries received, only five artists submitted their art works and three among them have made it to the final round.

The prize winners will be announced tomorrow (Sept. 21).

S. Madhusudhan of Chamarajanagar has submitted the tableau designed on the theme *Mysurina Jathregala Sobagu* (The beauty of fairs in Mysuru). The pomp and gaiety associated with annual fairs namely Nanjangud Jatra Mahotsava, Suttur Jathra, Chunchanakatte Jathra and Mysuru Dasara among several other fairs and festivals celebrated in the region, are replicated with an artistic touch.

The panoramic view of Chamundi Hill, Chamundeshwari Temple and the devotees complete the art work.

The tableau of Shivakumar from Doddarasinakere gives the message of 'Unity in Diversity',while another artist Shankar Guru has recreated Ayodhya Ram Mandir for his miniature tableau.

The above three art works are vying for the top prize.

Working President of Dasara Tableau Sub-Committee A.S. Ranjith Kumar said the first prize winner will be pocketing a cash prize of Rs. 25,000, followed by second prize - Rs. 15,000 and third prize - Rs. 10,000.
